

DISEASED KIDNEYS

Affect more parts of the body than any other disease. Your eyes fail, your back aches, your hands and ankles swell, you sleep badly, your urine is full of sediment. Before it is too late take

Warner's Safe Cure

the world's best remedy for the kidneys, liver, bladder and blood.

Read how Mrs. D. M. Hayes, of 224 Decatur Street, New Orleans, La., was cured after she had given up all hope: "Before I began taking Warner's Safe Cure I was in an awful condition. I suffered terribly from pains in my sides, back and stomach; also with severe headaches and sleepless nights. My eyes were also afflicted. These conditions have all disappeared with the one exception that I feel occasionally slight pains in my back, but nothing like they were. I only took in all about six bottles of Warner's Safe Cure."

"I feel very much indebted to your medicine for the wonderful improvement in my condition, and shall ever speak well of it."

If your kidneys are even slightly affected, buy a bottle of Warner's Safe Cure at once, because the affliction may develop into Bright's disease, diabetes or other complications, which will prove fatal if not checked promptly.

Warner's Safe Cure is made from the fresh juice of plants and medicinal roots, gathered at the proper season in the various quarters of the globe. Men skilled in botany and chemistry compound it. It is pleasant to the taste and agreeable to the most sensitive stomach. Put up in 50c and \$1.00 sizes and sold by all druggists.

Warner's Safe Pills for constipation and biliousness are purely vegetable, sugar-coated, absolutely free from injurious substances, a perfect laxative. They do not gripe or leave any bad after effects. 25 cents a package.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will absolutely cure them a sample bottle and also a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this offer in the Richmond Times-Dispatch. The genuineness of this offer is fully guaranteed by the publisher.

SUNDAY-SCHOOLS GROWING RAPIDLY

Baptists Show Increase of 49,000 Members in Five Years.

PREPARING FOR ASSEMBLY

Noted Workers and Speakers Will Be Present at Wake Forest.

(Special to The Times-Dispatch.) Raleigh, N. C., July 23.—A fine report of the progress of the Baptist Sunday school work in North Carolina is told by Secretary E. L. Middleton, of the North Carolina Sunday School Association. He says there has been an increase of 49,000 members in the Baptist Sunday Schools of the State during the past five years. The number of schools has increased over 40 per cent, and there are over 10 per cent. more of the rural schools now running the year round than was the case five years ago. Eighty new schools have been organized within the past three months. He is just now stirring up interest in the North Carolina Baptist Sunday School Assembly that is to open at Wake Forest College August 6 for a four days' session, during which there will be lectures by a number of the most noted Baptist Sunday School workers in and out of the State. He says the indications are for an attendance that will tax the capacity of the college buildings and the hospitality of the town.

To Change Standard.

On July 23 there is to be a meeting of the oil committee of the State Board of Agriculture, to which is delegated by the board the power of fixing the standard of test to which illuminating oils must conform under the operation of the State illuminating oil inspection act. The purpose is to change the standard of test, so that there will remain a residual of only 6 per cent. undistilled when the oil is subjected to 200 degrees centigrade temperature.

There is about a movement among the officers of the North Carolina National Guard to form a social club that will have to do especially with the maintenance of a club house at Camp Glenn, Morehead, where the annual regimental encampments are held. It is understood that the movement has so far advanced that the erection of a suitable and very convenient club house will be completed before the 1911 encampments. The location, which is said to be especially desirable, has already been agreed upon.

Given Up by Bondsmen.

The citizens of Apex, a prosperous town of this county, have made it so disagreeable for the bondsmen of W. H. Roundsville there that they have delivered Roundsville over to the United States Commissioner Nichols, and the latter has committed him to jail to await the next term of the federal court. Roundsville is the Apex merchant who is charged with writing slanderous letters to a number of the best people—men and women—of the community. The prosecution claims to have evidence in the way of the identification of handwriting that assures the conviction of Roundsville. He has retained ex-Governor Aycock for the defense. He is said to be worth \$20,000 or more. He had arranged his bond by pledging his own property to the bondsmen. No one can be found to pose as bondsmen even with the property of the defendant to protect him.

BABIES SUFFER FROM SUMMER SKIN TROUBLES

Immediately Benefited by Poslam, Which Soothes, Cools and Heals.

Mothers and those having the care of infants and young children which are chafed and irritated by skin eruptions and rashes will appreciate the soothing and healing properties of poslam, particularly during the heated term, when these disorders are the principal cause of fretting and ill humor. Poslam contains nothing which can in any way injure the most delicate skin, and may unhesitatingly be used in all cases. "My little boy had eczema on his head in the most dreadful form for three summers. We spent dollars on various medicines to no effect. After trying sample of poslam I saw an improvement, and in a short while his head was entirely healed," writes Mrs. W. E. Hunt, Kingstree, S. C.

In all skin troubles poslam produces immediately noticeable results, stopping all itching and rapidly restoring the skin to normal condition.

A special 50-cent package of poslam is prepared for minor uses, and this, as well as the regular \$2 jar, is on sale by all druggists, particularly Trigg's.

But no one is asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request by the Emergency Laboratories, 32 West Twenty-fifth Street, New York City.

el Hill, closed by the State Bank Examiner a few days ago, a member of the Corporation Commission said that with close management by the receiver, the depositors may get all their money. However, the stockholders will have to go down in their pockets for an amount of money equal to the out-

standing stock in order that this may be done. This is under the operation of the act of the last Legislature, making stockholders liable for double the amount of their stock in the event the interests of the depositors become jeopardized.

Governor Kitchin has pardoned W. S. Bell, of Union county, under a four years' sentence to the penitentiary, after two years' service, on the ground that there is much doubt as to the intent of the prisoner to commit the embezzlement of which he was convicted. He was a sewing machine agent. The pardon is conditional on good behavior.

Another pardon just granted by the Governor is for Lane W. Baker, also of Union county, serving a thirty months' sentence in the State's prison for betrayal.

Dies at Soldiers' Home.

At the Soldiers' Home today Comrade Sam Francis died suddenly, aged seventy-three. He was a member of Company K, First Regiment, and came to the home from Halifax county.

The Wall-Tear Brick Company, of Durham, has received a charter for brick and general building material business; capital, \$10,000, by W. L. Wall and others.

The trustees of the North Carolina Methodist Orphanage, in annual session here, announced the accumulation of \$4,000 for the erection of a laundry, work to begin at once. The report of Superintendent Cole showed 135 children under the care of the institution, with excellent health record and good progress in studies and work. All officers were re-elected, including Hon. R. N. Page, president; Joseph G. Brown, treasurer and secretary; J. N. Cole, superintendent; and Joseph G. Brown, J. S. Wynne, R. T. Gray, R. E. Prince, T. N. Ivey and J. N. Cole as the directors.

SURRY MONUMENT WILL BE UNVEILED

Handsome Shaft Has Been Erected to Memory of Confederate Dead—Ex-Governor Swanson Will Make Address.

SURRY COUNTY CONFEDERATE MONUMENT.

(Special to The Times-Dispatch.) Surry, Va., July 23.—The Surry county Confederate monument will be unveiled on August 2, 1910. The committee having the erection of the monument in charge had made all arrangements for the unveiling to take place in August, 1908, the contractor having given every assurance that the monument would be completed in ample time. About a month before the date set for the unveiling the contractor made an assignment, and the unveiling was indefinitely postponed. Although a payment had been made, the money was not lost, as the Memorial Association held a bill of sale on the stone of which the monument was to be built. It was finally completed and put in place in

front of the county courthouse in December, 1908.

The pedestal is of Confederate granite, most of which was quarried near Petersburg, but the largest stone, the die, was quarried in South Carolina. It is surmounted by a white bronze figure of a Confederate cavalryman at parade rest with hands clasped on the hilt of his drawn saber.

The height of the monument is about twenty-one feet, and the base is eight and one-half feet square. A graceful Confederate battle flag is cut on the die on the front, or north, side of the monument, and below this are the words, "Our Heroes," and the years "1861-1865." On the west is the inscription: "To the Confederate Soldiers of Surry County." On the south side are two lines from one of Armistead Gordon's beautiful poems:

"That we through life may not forget To love the thin gray line."

On the east side are the words: "Erected by the Confederate Memorial Association of Surry County A. D. 1908." A pile of twenty eight-inch shells is being placed opposite each side of the monument.

Ex-Governor Swanson will be the orator of the occasion on the day of the unveiling, and the cord will be drawn by Miss Elsie Bohannon, who will represent Virginia. She will be attended by twelve young women as maids of honor, each representing a Southern State. At the conclusion of the unveiling exercises the Memorial Association will present the monument to the county.

FURTHER EXPERIMENTS IN COALING AT SEA

Washington, D. C., July 23.—Further tests of coaling battleships at sea soon will be made by the collier Vestal. One of the battleships of the Atlantic fleet is to be selected for the trial, and the Vestal, equipped with a set of new devices, will attempt to fill the bunkers of the big fighter while both are underway.

The problem of coaling at sea has never been solved to the satisfaction of the navy. Naval officers declare the solution would be a veritable strategic asset.
